

## **Introduction**

This assignment is designed to reinforce the ideas of typography discussed in class. Your assignment is correctly letter a map of the northwestern United States. You need to place the following names on the map. Arrange the various map elements so they present the data in a cohesive, well-organized map that emphasizes good map design and organization.

## **Directions**

Download the following files from the Class Website:

- 1) Exercise06.ai (an Adobe Illustrator version of the file you will need for this lab)
- 2) Exercise06.pdf (an Adobe Acrobat copy of these instructions)

After copying the necessary files to your directory, begin making a map of **Northwestern United States** using Adobe Illustrator

Your assignment is quite simple. Label all the places listed on the next page on the map using the typographic and map composition strategies discussed in class. Don't forget to add the following credits and any other information the map might need

Produced by  
[*your name here*]  
Fly-By-Night Cartographics  
Aggieland USA

## **Turn in**

A **black and white** hardcopy of the final map

## **FYI**

If you don't know where a place is located use the USGS Geographic Names Information System at the following address: <http://geonames.usgs.gov/>

**If you have any problems do not hesitate to see me.**
